Speaking of railroad milkshakes, recalls a stanza from a long forgotten poem, "The Little Brown Jug." If I had a cow that would give such milk, I'd clothe her in the finest silk, I'd feed her on the best of hay, And milk her forty times a day, Ha! ha! ha! you and me, Little tin can don't I love thee.

The third bond loan has passed the four billion mark.

News comes that Private Peat is a father. A daughter was born in Chicago May 16th.

A swing bridge over the Eusea canal has been finished affording direct railroad connection between Cairo and Jerusalem.

Farmers in the west of Ireland, according to reports reaching London, have decided to allow cattle to eat the growing crops if conscription is enforced.

A series of minor mishaps have marred the success of the airplane mail service between New York and Philadelphia. One mailman lost his bearings in a fog and went a long distance in a wrong direction.

An Italian torpedo boat entered the harbor of Pola and torpedoed a big Austrian dreadnaught of the largest type. Airplanes attacked at the same time and two Austrian planes were brought down.

Running 102 miles an hour, Barney Oldfield took the \$10,000 match race against Louis Chevrolet by two lengths and broke the world's record at the auto speedway, at Uniontown, Pa.

The American steamer Neches, a cargo carrier of 7,175 tons, was torpedoed and sunk on the night of May 14 in the early morning hours of May 15, without loss of life, the navy department announced. She was returning home unloaded.

Two of the German long distance guns which have been bombarding Paris have been removed to the Krupp plant for repairs, the Constant Zeitung states. Such huge guns, the newspaper adds, cannot be fired indefinitely without timely repairs.

A "super wheat," containing 14 per cent gluten, has been evolved by Luther Burbank, the California horticulturist in series of experiments extending over eleven years. It is announced at Santa Rosa, Calif. The wheat may be grown from Hudson Bay to Patagonia. The new wheat is said to be of the winter variety, hardy and producing a white flour.

Rumors were flying thick and fast about the capital Thursday that Senator Ollie James, of Kentucky, who has been at Johns Hopkins hospital, Baltimore, for several weeks, is in a critical condition, and that his friends are much alarmed. The report was stoutly denied by those close to Senator James. Five of his teeth have been drawn.

Italian troops carried out an offensive operation Thursday in which the Austrian trenches on Mont Asalone, between the Brenna and Piave rivers, were entered at two points. The Italians inflicted heavy casualties and took prisoners. The fact that the Italian armies have taken the initiative in the fighting would seem to indicate that they have sought to carry the fight to the enemy in such a way as to break up any arrangements for the launching of a strong Teutonic assault.

Alexander F. Kerensky, who became minister of Russia in July, 1917, and was deposed in November, by the bolsheviks is expected to arrive in the United States next week, according to a report published in the New York Call, a social organ. This report, sent from Washington and said to have originated in authoritative sources, states that Kerensky probably will arrive at an Atlantic port Monday and will go direct to the Russian embassy at Washington, which is still in charge Boris Bakmeteff, appointed ambassador to the United States during Kerensky regime.

AMERICANS BOMBARDED

BLUBUCK COMPANY

THE NEW NAME OF THE BUCK BRAND OVERALL COMPANY.

ENTERING ON 2ND YEAR

L. D. BROWNING, THE PRESIDENT, JUST BACK FROM A VISIT TO CHICAGO.

Mr. L. D. Browning has just returned from a visit to Chicago and Chattanooga. At Chicago he attended the meeting of the National Association of Garment Manufacturers of which he was the Vice President for Kentucky.

Last week he spent in Chattanooga where he is interested in the hosiery mill of Davis Brothers, Incorporated, being secretary and treasurer. This plant is operated in connection with the business here, the headquarters being in the overall factory, of which Mr. Browning is the head.

This business was established here a year ago as the Buck Brand Overall Co., the same company having an established business at Lewisburg, Ky. Recently the corporate name of the company has been changed to the Blubuck Manufacturing Co., and its capacity increased. The company now employs fifty people and its output is about 200 dozen garments a week. The overalls made are now under a government contract. At the Chicago meeting it was learned that the government has taken over 85 per cent of the output of the denim mills for this year and after May thirty-first practically no materials at all will be available for the civilian trade. The government has even taken supplies of denim under contract. The government contracts are so large that the little plants cannot always get them, but having two mills of about the same capacity, Mr. Browning has secured contracts in the past and is expecting further contracts that will call for his entire output even should his capacity be doubled.

Mr. Browning is a young man of most progressive ideas and fine business capacity. He has been with the business here now heads for several years but only recently succeeded to the Presidency. His plant here is in the upper room of the big wholesale grocery building of W. R. Wheeler & Co. It operates scores of sewing machines and the bulk of its employees are women and girls who make good wages. The work room is one of the busiest places about the city, and the business this company has built up is one of Hopkinsville's most successful enterprises that is destined to enjoy a rapid growth.

FOLLOWING THE FLAG.

DR. ROBT. SORY CALLED.

Dr. Robt. Sory, a prominent and popular physician of Madisonville, Ky., has received his orders to report at Camp Crane, Allentown, Pa., where he will be assigned to duty in the Base Hospital No. 68. Dr. Sory is a specialist on diseases of the eye, ear, nose and throat. He is very popular in his home county and also has many friends in Hopkinsville and Christian county.

Ben Warfield will leave this morning at 7 o'clock over the L. & N. via Louisville for the Great Lakes Training Station near Chicago where he will undergo a course of training for the Navy.

Karl White and Eli Mitchell who were examined for admission to the Navy failed, on account of underweight and have returned home. Fred Higgins, Carl Ashby and Waltrip, who went with them, all passed.

Ernest Cravens is home from Camp Taylor on a short visit to his father, L. C. Cravens.

TEACHERS FOR RURAL SCHOOLS

BEING EXAMINED AT COURT-HOUSE FOR COUNTY CERTIFICATES—31 APPLICANTS.

The first county teachers' examination of a series of four for the year is being held at the court house by Supt. Foster and Messrs. Ben Cook and Lowe Johnson who constitute the board of Examiners.

One striking feature of this examination is that out of 30 applicants for certificates only three are men. So far as the Kentucky is able to learn this is a condition typical of almost every county in the state, and indicates that the man teacher is fast disappearing from our schools and that the education and training of our boys and girls is being entrusted almost entirely to the women of the state.

About one-third of the applicants are persons who have never taught and if these should succeed in making a passing grade there will likely be a ready demand for them though they are inexperienced, because of the great scarcity of teachers all over the state.

The applicants present for the two day test are as follows:

Richie Williams, Gertrude McGee, Sadie Maddox, Ola Foster, Georgia U. Major, Grace Courtney, Ida Means, Irma Flowers, Juanita Bartley, Lillian Petty, Nina Crunk, C. E. Conway, Euri Henderson, Mrs. R. F. Harris, Ethel Gertrude West, Clara Rogers, Mary F. Fuller, Vallie Barnett, Hazel Henderson, Raleigh Underwood, Vera P. Pool, Mrs. Al Johnson, Louise R. Hill, Ollie R. Lawson, Miss Edwin Elliott, Dencie Martin, Martha Owen, Sammie Hill, Minnie Brano, Lucile Henderson.

MAIL PLANE LOST AGAIN

(By International News Service.)

Washington, May 17.—The pilot of the mail carrying airplane which left Washington for Philadelphia and New York at 11:30 this morning, lost his way after passing over Baltimore and landed at Cape Charles, Va., about 2:30. A long distance telephone message to the postoffice department stated that he refilled his gasoline tank and resumed the flight to Philadelphia at 4:45.

REV. SMITH IN CENTRAL CITY

Rev. Everett S. Smith is in Central City, Ky., where he delivered the commencement address last night at the graduation exercises of the Central City High School. This is an honor that came to Mr. Smith rather suddenly as well as unexpectedly. Col. Geo. W. Bain, of Lexington, the noted temperance lecturer, had been engaged for several weeks to deliver the address but wired yesterday morning that he was ill and could not come. Being "put to it" for a suitable person to deliver the address, Supt. Williams called Mr. W. A. Long of this city to send him a good man at once.

Mr. Long communicated with the two or three gentlemen in the city who have a reputation for having on hand at all times a list of good all-purpose speakers, but neither of these could get away. Then it was suggested to him that Rev. Mr. Smith would be the very man because, if he had no speech ready-made and on hand, he could make one going over on the train. So he went. We are sure the Central City people will like Mr. Smith and will want him to come again. He will return here this morning.

SOME THINGS THE RED CROSS

HAS DONE IN FOREIGN FIELDS TO RELIEVE SUFFERING—READ AND PONDER.

Many persons once wondered where all the money taken in by the Red Cross is spent and how. There are some persons who do not yet know the extent of work which is being done by this wonderful organization and the supreme need for funds with which to continue work delegated to it by the U. S. Government.

The big drive for \$13,000 from this county begins Monday and many speakers will be brought to the county to tell of the Red Cross work and educate the people along the lines of the care of the soldiers. Some of these will be persons who have seen actual service in foreign fields. Below are some of the things of which we do not often hear.

The following appeared in the May number of the Farm and Fireside:

"Roumania, the war's most tragic victim, now hemmed in on all sides by the enemy, has been aided by the Red Cross under great difficulties. More than \$2,610,000 has been appropriated for relief of the little kingdom of Queen Marie Victoria, where typhus was added to the horrors of famine and destitution. All supplies had to be sent via Russia, where transportation virtually was at a standstill, and the Red Cross Commission accomplished wonders under the unfavorable conditions.

"In Serbia the work of the Red Cross, for which \$875,000 has been appropriated, has many angles; a tuberculosis sanatorium, containing 600 beds has been established near Saloniki, and for the 40,000 Serbs huddled in the villages around Monastir plans have been made to provide seeds and farm tools for the cultivation of the 21,000 acres of fertile plain in that section of the country.

"The cargo of foodstuffs and supplies, originally consigned to Beirut for the Syrians, but held up in the harbor of Alexandria without hope of reaching its destination in time to be of service, was purchased at a cost of \$127,000 and distributed among the Serbs, whose need for food and clothing was imperative.

"More than \$750,000 has been appropriated for the work in Russia, despite the unsettled political conditions there. During January enough condensed milk was shipped into Persia to help save the lives of 25,000 children, and efforts will be made to continue these shipments at the rate of 1,000,000 cans a month. In the past large quantities of supplies have been shipped to the ragged and ill-nourished Russian soldiers, as their own country was unable to furnish sufficient aid."

NO WOOL SALE HELD TODAY

GOVERNMENT REQUESTS WOOL BE HELD FOR THIRTY DAYS.

The following notice has been issued by Mr. Gossett in regard to the wool sale:

On account of the government requesting that no wool be sold for thirty days, the Grange wool sale scheduled to be held at the Pennyrroyal fair grounds tomorrow, May 18, is postponed.

J. E. Gossett, chairman sales committee. The government is preparing to take over all the wool and fix a standard price, first requisitioning whatever wool is necessary in the manufacture of war materials and army supplies for the carrying on of the war. The farmers are abiding by the wish of the government and calling this sale off, for the present at least.

SIX BISHOPS ARE ORDAINED

DR. PARKER FAILS TO QUALIFY AND REV. JAS. CANNON, JR., OF VIRGINIA ELECTED.

THOMAS BOOK EDITOR

R. E. COOPER PLAYS IMPORTANT ROLE AND APPOINTED ON IMPORTANT COMMITTEE.

Six new bishops of the M. E. Church, South, were ordained Thursday during a session of the General Conference now about to finish its labors in the city of Atlanta. Mr. and Mrs. Cooper and Rev. T. L. Hulse returned from the Conference last night and report many things of importance that were acted upon.

Dr. R. M. Parker, of Louisiana, who was elected a Bishop a few days ago, failed to qualify and Rev. Jas. Cannon, Jr., of Blackstone, Va., was elected and ordained with the other five previously elected.

The College of Bishops vetoed the action of the conference a few days ago in voting laity rights for the women of the church. Then the conference passed it over the Bishops' veto by an overwhelming majority and now the conference action will have to be voted upon by the several annual conferences and passed by a 2/3 majority in order for the matter to stand. It will be 4 years before definitely decided.

The Unification Committee was continued for more years. This also was voted by the conference by a big majority. A finance committee was appointed for the General Conference to adopt the budget system such as we have in use here.

The old education committee was discontinued and trustees of Emory University elected. Asa G. Candier, R. N. Page, and R. E. Cooper were elected trustees for 6 years each. Mr. Cooper was a member of the Committee on Episcopacy, Boundaries and Finance and Publishing Interests.

Dr. Frank M. Thomas, of Louisville, was made Book Editor and Editor of Review. This is the biggest place in the Methodist church next to a bishopric and Dr. Thomas is, in the opinion of his many friends, the best man that could have been elected.

65 PLANES BROUGHT DOWN IN ONE DAY

(By International News Service.)

London, May 17.—Cavalry of air, taking advantage of ideal weather, has again dominated all activity and interest in the west during the last twenty-four hours. Both sides had great fleets of battle planes up and innumerable duels were fought in an intense struggle in which Teuton and Allied armies were frantically trying to cut up one another's "eyes" before the titanic battle opens. Whole squadrons clashed in spectacular finish fights. Allied flyers maintained the supremacy throughout as shown by official reports that Allies brought down a total of 47 and Germans 18, thus making a total of 65 machines put out of action in one day.

VICTORY SURE SAYS SMUTS

(By International News Service.)

Glasgow, May 17.—"If last English soldiers should be driven from France, Germany would not win, because she must win on both land and sea," General Smuts, famous boer leader and now member of the British war council, thus summoned up the war situation today in a speech here. America's help, he said, has made the Allies' ultimate victory absolutely certain.

KILLED BY DUMMY SHELL

(By International News Service.)

San Francisco, May 17.—Corporal George Thompson was shot thru the head and instantly killed and Lieut. Laughlin was wounded this afternoon during rifle practice at Camp Fremont. A loaded shell found its way, in some mysterious manner, into the "dummy" ammunition being used.

RIVERS AND HARBORS BILL

(By International News Service.)

Washington, May 17.—Consideration of \$19,500,000,000 dollar rivers and harbors bill was begun today by the Senate. An appropriation of \$1,500,000 for making the channel of Charleston, S. C., forty feet deep and 100 feet wide met with criticism.

SUIT IN COURT.

Richard Hayes, tenant, sued J. L. Carroll, landlord, for \$82.50 in tobacco which was tied up recently in warehouse here on the claim by Carroll that Hayes owed him that amount on a supply bill for supplies furnished during the year 1917 while Hayes was making a crop on Carroll's farm.

The jury awarded Carroll \$22.28 on the claim, leaving the balance to Hayes. The warehouse which held this money was also made a party to the suit.

THE UNIVERSALIST CHURCH.

A service will be held at the Universalist church Sunday evening at 8:00 o'clock. The pastor announces that he will speak on "The Red Cross, an Agency of the Master."

Sunday School meets every Sunday at 9:45 a. m. All are cordially invited to attend the services of both church and Sunday School.

With American Army France, May 17.—The entire American sector on the French front in Picardy was subjected to a violent artillery bombardment for forty-five minutes this morning. The Yankees replied with a double dose, setting fire to a German ammunition dump in the rear of the village of Cantigny. French pilots brought down into German observation balloons, one in flames. 19 enemy balloons were counted, one carrying a light signal apparatus.

First settled weather in many days prevails, marked by exceptional air activity day and night. Last night resembled a fourth of July celebration at home. Successful British Raid. London, May 17.—The text of tonight's official report from Field Marshal Haig follows: "We carried out a successful raid last night in the neighborhood of Beaumont Hamel and captured a few prisoners. This morning a hostile post north of Morris (Flanders) was rushed by our troops, the Garrison killed and driven out. From the remainder of the front there is nothing to report beyond artillery activity on both sides."

perors at their meeting at German

pers say, selected monarchs for Lith-
uania, Courland, Esthonia and Pol-
land. Austria gets Poland and Ger-
many the other three according to
the way they are parceling out ter-

Russian revolutionists.

Out of the confused reports of
war developments, the honors seem to
be with the French. On Wednesday
they recaptured Hill 44, an impor-
tant height north of Kemmel and the
same day took a wood near Amiens
and successfully beat off counter-
attacks. At both places they took
prisoners.

Reports that Col. Henry Watter-
son, editor of the Louisville Courier-
Journal, who recently submitted to an
abdominal operation, had suffered a
relapse and was in a critical condi-
tion were denied at the office of the
Courier-Journal. On the con-
trary, it is said, Mr. Waterson's
progress toward recovery has not
diminished and that he is expected to
leave the hospital in a few days.

Thursday the Liberal War Com-
mittee introduced a resolution in
the House of Commons asking the
Government to establish the truth
with regard to the retirement of the
British fifth army in the Ploerdly bat-
tle and to take necessary measures to
prevent a recurrence of the
movement. Walter Runcian, former
president of the board of trade will
demand an explanation from the
Government as to why Austria's lat-

Judge Charles E. Hughes, former
Republican candidate for President,
has accepted President Wilson's ap-
pointment to act with Attorney
General Gregory in the investigation
of criminal charges made in con-
nection with aircraft production. In
designating former Supreme Court
Justice Hughes, whose record in the
New York insurance investigation is
well remembered, the president said
he felt the department of justice's
investigation was of the very great-
est importance, that if any persons
were found to be guilty they might
be prosecuted vigorously and prompt-
ly and that the reputation of those
who might be protected if these
charges were found to be groundless.

KEPT HER AWAKE

The Terrible Pains in Back and
Sides, Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson,
of this place, writes: "For one year I
suffered with an awful misery in my back
and sides. My left side was hurting me
all the time. The misery was something
awful.

I could not do anything, not even sleep
at night. It kept me awake most of the
night... I took different medicines, but
nothing did me any good or relieved me
until I took Cardui...

I was not able to do any of my work
for one year and I got worse all the time,
was confined to my bed off and on. I got
so bad with my back that when I stooped
down I was not able to straighten up
again... I decided I would try Cardui
... By time I had taken the entire bottle
I was feeling pretty good and could
straighten up and my pains were nearly
all gone.

I shall always praise Cardui. I con-
tinued taking it until I was strong and
well." If you suffer from pains due to
female complaints, Cardui may be just
what you need. Thousands of women
who once suffered in this way now praise
Cardui for their present good health.

TO USE AMERICAN LEAVEN.

Gen. Pershing will be given com-
mand of the troops brigaded together
wherever the Americans predominate.

This plan will accomplish several
things which the military authorities
consulting upon it regard as very de-
sirable. It will rapidly increase the
size of the American fighting com-
mand on the battle line; it will con-
tribute tremendously to the spirit of
unity and concerted effort, and at the
same time, instead of holding large
numbers of American troops behind
the lines while training, will surround
them with seasoned veterans and un-
der actual battle conditions school
them to be re-brigaded later with
fresh American troops coming to
France. In this way the efficiency of
the British and French forces is ex-
pected to be increased and the work
of building up a great, fully trained
and completely equipped fighting
force in France is expected to be hast-
ened.

How often do we hear the expression
among women, "I am so nervous, I can-
not sleep," or "it seems as though I
should fly." Such women should profit
by Mrs. Sultz's experience and give
this famous root and herb remedy,
Lydia E. Pinkham's Vegetable Com-
pound, a trial.

For forty years it has been overcom-
ing such serious conditions as displace-
ments, inflammation, ulceration, irregu-
larities, periodic pains, backache, dis-
eases, and nervous prostration of
women, and is now considered the stan-
dard remedy for such ailments.

"BILLY" SUNDAY'S PRAYER.

(Delivered before the House of Representatives.)

Rev. William A. Sunday, evangelist, offered the following prayer:

Almighty God our Heavenly Father, we thank Thee and rejoice that through faith in Thee and Thy word this government was built upon that foundation. We thank Thee that the compact signed in the cabin of the Mayflower by our ancestors was for democracy, liberty, freedom, and the right to worship Thee according to the dictates of our own conscience.

We thank Thee that as a nation we have the courage to proclaim to the world our continued belief in Thee by stamping on our coins the inscription "In God we trust." We thank Thee that we are Americans and live beneath the protecting folds of the Stars and Stripes. We thank Thee that Thou canst look over the battlefields of glory on our land and see that there is not one stain on any star or stripe in Old Glory.

We thank Thee for our happy homes. We thank Thee for our wives and little ones. We thank Thee for the fruitful trees and bountiful harvests. We thank Thee that as a nation we have never gone to bed hungry or scraped the bottom of our flour barrel, and we pray Thy continued mercy and blessing upon us. We pray Thee that Thou wilt forgive our transgressions and blot out all our iniquities.

Thou knowest, O Lord, that we are in a life-and-death struggle with one of the most infamous, vile, greedy, avaricious, bloodthirsty, sensual, and vicious nations that ever disgraced the pages of history. Thou knowest that Germany has drawn from the eyes of mankind enough tears to make another sea; that she has drawn blood enough to redden every wave

upon the sea; that she has drawn enough groans and shrieks from the hearts of men, women and children to make another mountain. We pray Thee that Thou wilt make bare Thy mighty arm and beat back that great pack of hungry, wolfish Huns, whose fangs drip with blood and gore. We pray Thee that the stars in their courses and the winds and waves may fight against them.

We pray Thee that Thou wilt bless our beloved president and give him strength of mind and body and courage of heart for his arduous duties in these sorrow-laden staggering days. We pray Thee to bless the secretary of state, the secretary of war, and the secretary of the navy; and bless we pray Thee, the naval strategy board. Bless, we pray Thee, Lord, the generals at the head of our army. Bless the boys across the sea, "somewhere in France," and bless those protecting our transports, loaded to the water's edge with men and provisions. Bless our boys at home who are in the cantonments. Bless, we pray Thee, the senate and house of representatives, and give them wisdom and strength, for they seem to have come into the kingdom for such a time as this. And, Lord, may every man, woman and child, from Maine to California and from Minnesota to Louisiana, stand up to the last ditch and be glad and willing to suffer and endure until final victory shall come. Bless our allies, and may victory be ours. And in Thy own time and in Thy own way we pray Thee that Thou wilt release the white-winged dove of peace until Thou shalt dispel the storm clouds that hang lowering over this sin-cursed, blood-soaked, and sorrowing world; and when it is all over we will uncover our heads and lift our faces to the heavens and sing with a new meaning—

My country, 'tis of thee,
Sweet land of Liberty,
Of thee I sing.

And the praise shall be to Thee forever, through Jesus Christ. Amen.

COMING "THE WOLF."

The Robert L. Russell players who will exhibit here next week under canvas, will present as one of their features, Eugene Walters latest play "The Wolf," which created quiet a sensation at the Lyric Theatre, New York City, last year. It is by the same author of "Paid in Full" and has its setting in the great north-west Canadian woods.

It is a pure love story intermingled with the excitement of the inhabitants of the country. Men who had to leave their home in the east for various reasons, found freedom in this section of the country, where the might of man, not law, held forth, and so the story goes from adventure. It will be presented in four acts next week at the Russell Tent Theatre which will be located at 8th and Clay streets.

Special scenery and electrical effects will be used giving the play as was first produced at the Lyric Theatre, New York City.

SEED CORN.

A few bushels yellow hard flat yellow corn for sale. This corn has made a successful test in every case this season. In Spencer county the County Agent sent in a test report of 98 per cent. I have planted this corn as late as June 21st and with so average season it would mature sufficiently to keep in the crib through the winter. Will recommend it to say that have late corn to plant. Ed Shaver, county judge of Muhlenberg county. Lunch will be served on the ground by the Red Cross and Community clubs for the benefit of the Red Cross. THE BELGIAN.

Our story deals with the lives, the sufferings of a son and daughter of Belgium. Never before in the history of the world has a people been so crucified. Two courses lay before it—safety with dishonor on the one hand, destruction with honor unsullied, on the other. Proudly this gallant nation chose the latter course, dying heroically in defense of freedom and civilization as the Spartans under Leonidas died at Thermopylae, in order that the barbaric hordes from the East might not engulf and destroy the civilization of Greece and the world.

In the centuries to come there will be no prouder boast, no higher honor than this—"I am a Belgian." Sidney Olcott presents Mr. Walker Whiteside and Miss Valentine Grant in "THE BELGIAN," at the Tabernacle Today.

TRACTORS VICTIM

WILLIAM A. GLASS, JR., LAID TO REST IN RIVERSIDE CEMETERY YESTERDAY.

Funeral services over the body of Wm. A. Glass, Jr., aged 17 years, were held yesterday afternoon at the family home on the Newstead pike and the body was interred in Riverside cemetery. The services were conducted by Rev. Geo. C. Abbott, in the absence of the young man's pastor, Rev. A. S. Anderson, of the Westminster Presbyterian church. The pall bearers were Walker Wood, Jr., Robert Nebitt, Carter Smithson, Wm. Bryan, Tom Bryan and Clifton Gary.

The tragic death of the popular young man has caused widespread sorrow and his heart-broken parents have the sympathies of the whole community.

"The Secret of the Storm Country" was directed by Charles Miller, and the production will be enhanced by the presence in the cast of little five-year-old Lorna Volare, the talented child actress who captured the hearts as well as the imaginations of the New York critics and carried away an entire Broadway show when "The Claim" was produced at the Fulton Theatre recently. Niles Welch and J. Herbert Frank are also seen in leading roles.

Among the others who support Miss Talmadge in this production are Edwin Denison, Charles F. Gotthold, Mrs. Julia Hurley, James Mack, W. W. Black, Helen Dahl, Ethel Grey Terry and Albert Hart.

Exteriors of "The Secret of the Storm Country" were filmed in Ithaca where Miss Talmadge and her entire company spent several weeks amid the original scenes of the novel, near the home of Grace Miller White, author of the story. The scenes taken during the storm on Lake Cayuga are probably the most exciting of any scenes shown in any of the screen productions in which Miss Talmadge has appeared. They show Miss Talmadge, as Tess, being rescued after an exciting swim against the strong current during her escape from the burning squatter village.

PRINCESS MONDAY.

"PLAYING THE GAME" HAS EXCELLENT THEME. Great New Charles Ray Photoplay Supports "Back to the Soil" Idea.

A splendid argument for the "back to the soil" movement is disclosed in "Playing the Game," the newest Paramount picture featuring Charles Ray, the popular Thomas H. Ince star. It tells the story of a city youth who has inherited millions which he is wasting in night life dissipation along the Great White Way. Through the agency of a fight, wherein he believes he has killed a man, the hero is forced to seek new fields and goes to an Arizona ranch. There he develops his manhood and remains to marry the daughter of the ranch manager. The contrast between the life of the city's white lights and the healthful, expanding existence in the open country, is decidedly marked.
